

COMPANY OVERVIEW

Effective Electric was established in 1992.

Effective Electric is primarily involved with the provision of the following services

- Electrical
- Mechanical
- Maintenance
- Data & Network
- Control Instrumentation

Across a broad range of Retail, Commercial & Industrial sectors.

The company is privately owned and managed by a team of professional directors and staff. At Effective Electric our mission statement insists on a quality of installation, maintenance, service and expertise that affords you the customer the comfort, knowledge and assurance of having a contractor who will take responsibility for every facet and stage of development ensuring accountability and quality is not compromised.

Our estimation department has ability to tender for projects both quickly and competitively.

One of the keys to our success is in our personnel; we have ongoing system of training and development programs, which all staff participates. All our staff are fully trained in areas of Health & Safety, First Aid and the required training for Electrical staff.

We are a registered member of the Electrical Contractors Safety and Standards Association.
